## Become a High Weald Hero School and you will:

- be presented with an attractive **wooden plaque** at a school assembly to acknowledge the partnership.
- receive a school map set including: an aerial photograph of your school's location within its surrounding landscape; the same area on a modern Ordnance survey map; and historical maps displaying Medieval Droving Routes and Roman features in the High Weald
- be linked to a growing network of schools, organisations and people who could support you in using the landscape as a curricular resource
- have the opportunity for **staff training/support** on using the High Weald landscape in your teaching
- be offered themed **assemblies/classroom workshops** on habitats, landscape history, the High Weald's energy resources and farming
- receive **My High Weald** - a DVD of characters from the past telling their stories
- be supported in finding and using local countryside sites, footpaths and partners for outdoor learning.

We recognise that each school is unique and are happy to discuss any ideas you have to make the partnership a success.

**Please contact:**

**Laura Sweeting**

**High Weald AONB Unit**
